

MINI Cabrio Experience

“A MINI Cabrio and a picnic to get lost among the Duero”

Tracks and roads flanked by pine groves, flowers of a thousand colours and, of course, vineyards that almost stretch over and beyond the horizon. This is the Golden Mile of the Duero Valley in Valladolid, a privileged location presided over by the 12th-century abbey of Santa María de Retuerta. Today, it has been converted into a five-star hotel.

A wine tourism destination that also offers unique experiences designed exclusively for guests so they can make the most of their stay. And what better way to submerge into this magical wine-growing area than by driving the latest MINI Cooper Cabrio? Each one at their own pace, for the mere pleasure of driving or to discover charm the local area has to offer, enjoying a delicious picnic while visiting the most beautiful places in the region.
